

Mr. Dhee Pradhan

4th-year BS-MS student

Supervisor- Prof. Swadhin Kumar Mandal

Research Interest- Catalysis using low-valent main group compounds.

Emails- [dp22ms127@iiserkol.ac.in](mailto:dp22ms127@iiserkol.ac.in)

A brief overview about myself:

I joined Prof. Mandal's lab in my 3rd year of the BS-MS program under the mentorship of Mr. Biplab Gope. I completed my secondary and higher secondary schooling from Don Bosco School Park Circus. Currently, I am working on catalysis using low-valent main group compounds. I have expertise in organic synthesis and catalysis and well experienced in performing catalytic reactions under inert conditions (inside the glovebox and using the Schlenk line).
