A brief overview about myself:

I joined Prof. Mandal's lab in January 2024, after cracking UGC NET in December-2023. I completed my B.Sc. with honours in Chemistry from Kharagpur College affiliated with Vidyasagar University, and my M.Sc. from NIT Rourkela. Currently, I am working on electron transfer catalysis for strong bond activation. I am experienced in catalysis and have expertise in performing catalytic reactions under inert conditions (inside the glovebox and using the Schlenk line).
